

Efforts to Promote Conversion Technologies

Presentation to the Los Angeles County Solid Waste
Management Committee - Integrated Waste
Management Task Force

Republic Services

Browning-Ferris Industries of California (BFI)

Regulatory Efforts

- Republic Services has strongly supported composting and organics diversion legislation
- Local and Corporate teams working with regulators to support the successful passage of the following statutes:
 - SB 498 – Biomass Conversion Technology
 - AB 1826 – Mandatory Commercial Organics Recycling
 - SB 1594 – Greenwaste ADC

Organics / Food Waste Activities

- Research and testing of collection equipment and methodologies
- Research and testing of pre-processing equipment and methodologies
- Working with companies in both wet and dry AD systems
- Pilot and commercial scale operations in various locations
